

BERK KAYABAS

Junior Software Developer

Istanbul, Türkiye | berk.kayabas1682@gmail.com | +90 532 545 2001 | [linkedin.com/in/berkkayabas](https://www.linkedin.com/in/berkkayabas) | github.com/berkkayabas1682

PROFESSIONAL SUMMARY

Computer Science and Engineering graduate with hands-on experience in frontend development, Python automation, cloud-based data processing, and collaborative software engineering. Interested in building reliable applications and growing in backend, full-stack, and game development environments.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, C#, C++

Web & Backend: React, Spring Boot, REST APIs, MongoDB, Firebase

Tools & Cloud: Git, GitHub, Docker, Linux, Google Cloud

PROJECTS

Full-Stack E-Commerce Web Application | React, JavaScript, Spring Boot, MongoDB, Firebase, Docker

- Contributed primarily to the frontend of a full-stack e-commerce platform with customer, product manager, and sales manager workflows.
- Worked with React, API integration, Firebase authentication, MongoDB-backed services, Git, and Docker-based development.

DNS Manipulation Analysis | Python, RIPE Atlas, Google Cloud

- Built and optimized Python pipelines for 32+ GB of DNS traffic spanning six months and multiple countries.
- Integrated RIPE Atlas, OpenIntel, VirusTotal, AbuseIPDB, urlscan.io, and RIPEStat while running analysis on a Debian Google Cloud VM.

Bug Severity Text Classification | Python, scikit-learn, TF-IDF

- Implemented and evaluated a Naive Bayes classifier for multi-class bug-severity prediction and contributed to text preprocessing/model comparison.

EXPERIENCE

Software Development Intern | LSG Teknoloji Ltd. Sti. | Jul 2023 - Aug 2023

- Evaluated 5+ MFA solutions, supported SecurEnvoy MFA deployment in production, and prepared technical documentation.
- Delivered MFA and cybersecurity training to 20+ employees.

Graphic Designer | On Endustri Makina | Jun 2024 - Present

- Produced digital and print marketing assets and supported website visual content.

EDUCATION & CERTIFICATIONS

Sabanci University | B.Sc. Computer Science and Engineering | Minor in Mathematics | 2020 - 2025

- Cisco Networking Academy / Akbank Akademi: CCNA: Introduction to Networks; Linux Unhatched.
